

## **Food Safety Auditor**

UL is a global independent safety science company with more than a century of expertise innovating safety solutions from the public adoption of electricity to new breakthroughs in areas such as sustainability, renewable energy, mobile payment security and nanotechnology. Dedicated to promoting safe living and working environments, UL helps safeguard people, products and places in important ways, facilitates trade and provides peace of mind.

### **Exciting Opportunity to use your knowledge of food safety in a hands-on environment!**

UL Everclean is seeking a Food Safety Auditor to join the UL team

#### **Responsibilities**

- Serves as a liaison between the client and the Health Department during the audit process.
- Utilizes food safety knowledge and training to analyze and assess food safety, sanitation, and security measures at client locations primarily restaurants, mass merchandizers, and grocery stores.
- Educates and trains client employees, including hourly and salaried staff, on food safety practices.
- Prepares written analysis for clients setting forth scope of audits, observations, assessment and recommendation.
- Performs other duties as directed.

#### **Requirements**

- University degree in a science curriculum or a Bachelor's degree in a non- science curriculum plus generally two years of food protection experience, or an Associate's degree with four years of experience with food related work.
- Strong computer skills with Microsoft Excel
- Strong customer service and communication skills
- Ability to meet deadlines and manage project expectations
